

Firming Facials - More Than Just A Fad

The Wellness Spa on 5th. Avenue has recently added the Synergie Firming Facial to their repertoire of available services. The firming facial is a gentle and safe facial vacuum massage that stimulates the skin and underlying tissues. This aesthetic treatment gives clients a deep, relaxing, comfortable facial massage while exfoliating the skin and increasing circulation.

This Firming Facial is the solution for healthier skin that looks and feels great. Synergie facials work from the inside out because beauty is more than skin deep.

The Firming Facial diminishes fine lines and wrinkles; reduces hyperpigmentation; improves appearance of superficial skin damage caused by aging or sun exposure; reduces enlarged pores; increases circulation for healthier skin; cleanses, tones, and moisturizes for smoother skin, all while providing a relaxing and enjoyable 30 minute session for maximum stress relief.

Call the Wellness Spa on 5th. Avenue at 303-777-2555 x 2 to schedule an appointment. The Spa's website is www.wellnesson5th.com.
